Screen Saver Interface

Your
Logo
Here

Café Latte

An extra velvety milk foam, with the adding of a strong dose of coffee.
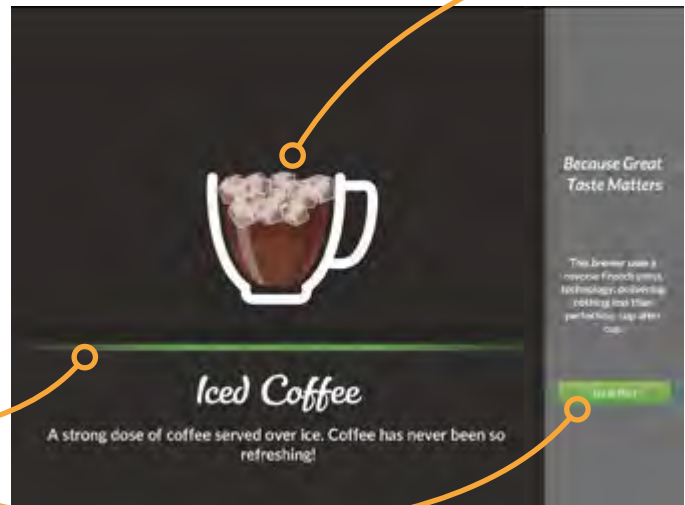

Add Your Logo*

Customize the screen saver with your logo or tagline to show your brand image to your customers.

Add a short message or your company description below using Sophia—Global Management System.

Because Great Taste Matters

Iced Coffee

A strong dose of coffee served over ice. Coffee has never been so refreshing!

Default screen saver videos show each beverage available in the brewer, one at a time. The recipe's name, along with a short description of the beverage, is displayed at the bottom of the screen.

Accent color matches the selected software theme (blue by default).

Video Branding

Brewing Time Video Branding
Take advantage of the 1-minute brewing time to display videos to your customers. Promote your company services and products or send internal communications.

Screen Saver Video Branding
Draw the customer's attention by displaying your own personalised videos in Screen Saver mode.

These 30 second videos will stimulate your customer's interest in your different products and services and will lead them directly to the coffee machine.

Videos can be pushed remotely using Sophia — Global Management System (Optimum license required).
