

Countertop models* with integral air-cooled icemaker

7CI100A – 115 V, 60 Hz, push button

Freestanding models* with integral air-cooled icemaker

7FS100A – 115 V, 60 Hz, push button

* Must specify ice-only or ice and water dispensing.

Note

For use in applications with less than 400 mg/l total dissolved solids in water and less than 200 mg/l hardness (either naturally occurring or treated with reverse osmosis or other TDS reducing technology).

Not recommended for use with softened water.

7CI100A (countertop)

7FS100A (freestanding)

Countertop and freestanding ice-only or ice and water dispensers with integral air-cooled icemaker. Produces and automatically loads up to 125 lbs (57 kg) of Chewblet compressed nugget ice in a 24-hour period. Storage capacity of 7 lbs (3 kg). Designed to serve up to 25 people. The 7 Series can supply up to 140 servings (16 oz cups 2/3 full of ice) per day. Requires water with less than 400 mg/l (ppm) dissolved solids.

Attractive, space-saving design

- Narrow 14.6" (371 mm) width and 22" (559 mm) depth fits on standard counters
- Low profile 17.5" (445 mm) height fits on counters under standard cabinets
- Freestanding models include a base cabinet
- Attractive, modern styling, high-quality stainless exterior with decorative plastic trim and soft, blue LED lighting of dispense area
- Capacitive touch user interface

Maximum placement flexibility

- Drainless design allows dispenser to be placed anywhere a water line can be run and eliminates cost of drain installation
- Top of dispenser can hold 35 lbs (16 kg), enough for a coffee brewer

Chewblet ice – the ice that people like

- Soft, chewable compressed nugget ice
- Preferred over cube-type ice by over 2:1**
- Accepts cups up to 8.5" (216 mm) tall

Sanitation and safety

- Agion® antimicrobial product protection*** in key ice and water contact components
- Sanitary, dispensing of ice to reduce chances of contamination
- Leak detection in icemaking module
- Large, 20 oz capacity, easy-to-empty drip tray
- Optional internal water filtration

Easy to clean and maintain

- Automatic alert to empty drip tray
- Easy cleaning of ice machine and bin
- Easy troubleshooting via user interface and diagnostic circuit board

Environmentally responsible

- State-of-the-art icemaker uses R-134a refrigerant
- Energy and water efficient, energy saving sleep mode

Warranty

- 2 years parts and labor, 5 years compressor parts
- Optional 3rd year parts and labor warranty (Item# 00960732)

Accessories

- 4" (102 mm) leg kit for countertop models (item# 00956300)
- 6" (153 mm) leg kit for freestanding models (item# 00956318)
- Drain kit to connect drip tray to a drain for CI model (item# 00981977)
- Drain kit to connect drip tray to a drain for FS model (item# 00956375)
- Internally mounted 5 micron particle and carbon water filtration system (item# 00958223)
- Water filter replacement cartridge (5 micron) (item# 00968107)
- SafeCLEAN™ environmentally responsible icemaker cleaner
 - Case of (24) 7 oz packets (item# 00132001)
 - 7 oz single packet (item# 00926030)
- Nu-Calgon**** IMS-II icemaker sanitizer, 16 oz bottle (item# 00979674)
- Single use cleaning/sanitizing kit (item# 00979856)
- Claris***** hardness removal filtration system (item# 00986059)
- Reverse osmosis system, 200 gallons per day (item# 00986034)

Notes

For indoor use only.
Designed for commercial use. Follett is not able to provide in-house services for residential installations.

Operating limits

Ambient air temp. range – 50 F to 100 F (10 C to 38 C).
Water temp. range – 40 F to 90 F (4 C to 32 C).
Water pressure – 10 psi to 70 psi (69 kpa to 483 kpa).

Clearances

	Countertop and Freestanding
Required for ventilation	3" (76 mm) each side

Electrical

115 V, 60 Hz, 1 phase, 5 amps. Connect to dedicated 15 amp circuit, fuse or breaker. **Note:** It is preferred that circuit be protected by a GFCI.

8 ft (2.4 m) cord and NEMA 5-15 right angle plug provided with each dispenser.
If local code requires hard-wiring, separate disconnects also required.

Approximate shipping weight

7C100A – 90 lbs (43 kg)
7FS100A – 120 lbs (55 kg)

Specifications (Choose one) Ice and water ____ or ice-only ____ dispenser to be Follett automatic load in (choose one) ____ countertop or ____ freestanding configuration, with 7 lbs (3 kg) of storage. Environmentally responsible R-134a icemaker to be air-cooled. Icemaker to produce approximately 125 lbs (57 kg) of Chewblet compressed nugget ice at air temperature of 70 F (21 C) and water temperature of 50 F (10 C). Icemaker to be equipped with printed circuit board and diagnostics to allow simplified servicing and with capacitive touch user interface. Storage area to be insulated with non-CFC, high density foam-in-place polyurethane. 115 V, 60 Hz, 1 phase. 8 ft cord and NEMA 5-15 right angle plug provided. Dispenser to be ETL and NSF listed. Total dissolved solids in water not to exceed 400 mg/l (ppm).

Energy consumption

KWH per 100 lbs (45.4 kg) ice†	
Air-cooled	6.9

† Air temp. 90 F (32 C); water temp. 70 F (21 C)

Heat rejection 1700 BTU/hr

Water consumption 12 gal (45.4 L) of potable water usage per 100 lbs (45.4 kg) of ice.

Ice production

125 lbs (56.8 kg) at 70 F (21 C) air and 50 F (10 C) water.
100 lbs (45.4 kg) at 90 F (32 C) air and 70 F (21 C) water.
